

Seedling February News

You have got to love living in Central Oregon. Where else can you get every weather condition possible in one day! It's snowing, no wait its hail, oh it turned to rain, now the wind is blowing, the streets are flooding , ahh now it is sunny and warm and you can be sure we will have black ice by morning! Yep, that's Central Oregon.

Now back to the Seed room... **Nora** has figured out how to get back down after pulling herself up... a big relief for all of us. **Willa** is also pulling herself up, loves to eat seaweed; she has discovered that food with texture isn't so bad after all. **Kathryn** does the GI Jane crawl, add that to her roll and she can motor anywhere she wants to go. **Andrew** is enjoying his tummy time and enjoys watching his friends. Tammy thinks he only smiles for her (we let her think that too) but Andrew has the best smile ever! **Sam's** rolling goes something like this... roll, pivot on tummy, roll, pivot on tummy. Pretty smart as he can go in any direction he wants. We have a "growler" and her name is **Hailey**. When she growls you think...where did that noise come from? **Paige** mastered sitting up last month, this month she is on her tummy squirming, kicking, and pushing herself up in an effort to move forward. **Georgia** rolls and rolls over and over and smiles and smiles because she is so proud of herself. **Clara** has started rolling from her back to her tummy and then gets frustrated when she can't roll back. We are so blessed to have these Seedlings with us.

Please welcome Harrison to our classroom, his big sister Charlie is in the Bud room. We look forward to getting to know his family.

We hope everyone's New Year is off to a great start!

Happy Valentine's Day!

Ms. Hilda and Ms. Jolene
