

# Bud News

Welcome Buds 2018! We are very excited to start this school year! Thanks to all the parents that took the time to meet with us at our open house. We hope you enjoyed it and that we answered all of your questions. We are looking forward to getting to know you and your kids better. We cannot wait to have them all together and watch them grow! This is a very fun age to work with.

In our classroom we use a storybook based curriculum. Each month we have a new book and study to focus on. We use this throughout the year. We will have activities, songs, and art based on the study. Children love repetition and routines; which is why we spend a whole month on each study.

We allow our Buds to do as much for themselves as they can. With independence come self esteem. We love that this age group is all about the "I can do it" attitude. We will work with them to become toilet trained when they are ready; it is always a huge deal when they get to wear "Big Boy/Girl" underwear! Keep in mind that some kids show interest sooner than others, so it might not happen right away. We will work together with you when we feel they are ready.

The month of September we will focus on the book

Brown Bear, Brown Bear, What Do You See? by Bill Martin Jr. We will learn about different animals and even create a bear cave in our adventure center where the kids can pretend to be bears in the wild! This story also has many different colored animals, so part of our focus will be include those colors.

Our classroom information is located on the board right by the door. If you have any questions or concerns, please don't hesitate to ask.

We look forward to an amazing year!

Miss Deborah & Miss Letty
