

November 2018 Seedling Newsletter

The Seeds really enjoyed getting out in the nice fall afternoons in October; however, our days outside may be pretty limited as the cold weather seems to be arriving quickly. It was great to see everyone at the DD Ranch and enjoying all the fun fall activities there with your kiddos. We also hope all your little ones enjoyed their first Halloweens!

All the babies have really been doing great and have been interacting more and more with each other! We are slowly starting to see everyone's personality come out as they grow and they are all working on their own little skills and goals each day. It's amazing how they grow and change so fast!

Ronin, the oldest, has been transitioning his way into the Big Seeds room, and is really excited and ready to move up and be a big kid this month! **Izzy** has been doing great with her solid meals and has been very vocal lately, saying more and more words. **Aubree** has been rolling around everywhere on the floor and is very social with her friends; always smiling and laughing. **Saylor** has been exploring and crawling all over the room and is into anything that she can find. **Archer** is working hard on sitting up and loves to hang in the bouncer and look out the window. **Brynley** gives her teachers lots of smiles, and loves when we sing to her. She is also working hard on more tummy time. **Eleanor** is really close to rolling over to her stomach and is very persistent on achieving success. **Quinn** has the biggest smile and his eyes light up when we say, "Hi" to him. **Clover** loves to play under her gym is warming up more and more to her teachers.

As a reminder, with flu season just around the corner, please be mindful of our sick policies and keeping children home if they don't seem well; especially if they have a fever over 100.5. They must be fever and symptom free without medication for 24 hours in order to return to school. If you have any questions about our policies please feel free to ask any of the staff, or the directors. We definitely want to try to keep our environment here, as well as our children and teachers, as healthy as possible. Thanks for all your help in doing this.

Dates to remember:

November 2nd: First Friday

November 12th: Conferences (look for sign-up sheets up front) Growing Tree is CLOSED this day.

November 22nd and 23rd: Closed for Thanksgiving.

Happy November!

Ms. Jolene, Ms. Melanie, and Ms. Korinea
