

Bud Room News

Pumpkins. Pumpkins. Here, there, and everywhere.

October was all about pumpkins, and the Buds explored the season in full pumpkin style. We started off reading the book, The Little Old Lady Who Was Not Afraid Of Anything. The children loved acting out the sounds in the book, especially the part at the end that went “Boo! Boo!” We all made our own scarecrow to match the story.

We finger painted in fall colors, and decorated pumpkins. **Riley** really liked helping her friends count pumpkins. We counted pumpkins to see how many pumpkins tall we all were. Our adventure center was full of dress up costumes. **Nick** and **Cash** both wore the green dragon costume nearly every day; it was their favorite one for sure! **Hadley** said she loved the Elmo and Tigger costumes the best, and was often seen in one or the other. **Sawyer** liked putting on the lion costume and “roared,” in true lion fashion.

We learned some new songs this month too. The children really liked singing the “Five Little Pumpkins” song the most. On the playground we played the “Little Miss Muffet” game, (we ran around when the spider came into play.) This was **Jaspers’** favorite game and he asked to play it nearly every day.

October was also **Emmett’s** and **Reese’s** month for sharing family photos. **Emmett** shared his love for cooking, and letting us know that kitchen tools are his favorite toys. **Reese** shared that she loves riding her bike and playing soccer best. Everyone got to share fun stories about their memorable trip to the pumpkin patch. We all shared how we were planning to decorate our own pumpkins at home; this was certainly a fun month full of pumpkins!

Gooble, Gooble...Fun. Family. And Food.

In November the Buds will be exploring the season with a focus on Fun, Family, and Food! We are starting the month off with the book: Feast For Ten by Cathryn Falwell. This is a lovely story about a family that goes grocery shopping for a large meal. It’s a good book to begin learning about food nutrition, what’s good for healthy bodies, and how we share and use manners at the table. We will be exploring foods and

even getting messy at times. We will be baking, preserving, juicing, and even making our own snacks to share!

Our adventure center will be turned into a grocery store so that we can creatively explore foods. Food play will give us the chance to work on counting, identifying food items, sequencing, and building our vocabulary.

Parents, we need your help with the store. Please think of recycling your empty containers and bring in ONE of them for us to share. Thank you, we really appreciate it.

Dates to Remember:

- Friday, November 2nd: First Friday
- Monday, November 12th: Growing Tree will be CLOSED for Parent-Teacher Conferences.
- Thursday & Friday, November 22nd & 23rd: CLOSED for Thanksgiving Holiday.

As always, please feel free to contact us with any question or comments.

Mrs. Deborah & Ms. Salina
