

“Every child has a different learning style and is unique, not only capable of learning but also capable of succeeding.”

–Robert John Meehan

Sprout Too News

Welcome to the Sprout Too room! Here is some info for you as we begin the **fall** season. As Growing Tree teachers, we strive to create bonds with each child and provide a **positive** and safe space for everyone to grow, learn and play. We focus on teaching the children **independence**, but at their own pace. Our day is filled with free play, gross motor activities and various art projects. Each child has a file folder located outside of our room and in this file you will find your child’s projects and other important info. On **Fridays** we ask that you please take your child’s blanket home to be washed. We provide a daily sheet that will let you know how your child’s day was and if they may need diapers, wipes or extra clothing. Please feel free to call us or stop by anytime!

This month we will learn all about our **ABC’s** and **123’s**. Art projects will include painting yellow school buses, friendship painting, and number art. During **circle** time we will sing “The Wheels on the Bus,” “ABC’s,” and “The Days of the Week.” Books will include; “An Apple a Day,” Lama Misses Mama,” and “If You Take A Mouse To School”.

Last month we explored The Great Outdoors. Playing in real dirt, gluing feathers onto blue birds and coloring trees green! **Smith** and **Finn** really liked playing with fake bugs during free play. The Sprouts stamped black spots onto red lady bugs and **Elizabeth** said, “Look it’s my lady bug, she is flying!” Then during outside play we found a real lady bug and **Sofia** said, “Lady Bug, look!” **Neal** is all about the sand box. He loves to fill up the

buckets and use the rakes. By the end of the day he is usually covered with sand from head to toe! **Lincoln** and **Rylan** have really bonded! It is so fun to watch them play together. They really enjoy riding in the cars side by side. When we had white sand out in the sensory table, **Morrison** really enjoyed using the small shovels to scoop up the sand and put it into the cups. **Andie** has been all about the water table. She likes using the paint brushes to paint the ground or pretend to wash the cars. It is a great way to stay cool too!

We have two new kiddos joining Growing Tree this month, **Mason** and **Camdyn**! We look forward to meeting them and their families! This is also Morrison, Sofia, Smith, Neal and Rylan's last month with us. They're all moving up to the Bud room starting in October. You will all be missed!

If you have any extra plastic bags, please bring them in. We use them daily and can never have too much; **thank you** in advance! With the new school year upon us we will continue to wash, wash, and wash our hands to help keep the Sprouts healthy! Cold and flu season is approaching...an apple a day keeps the Doctor away! 😊

Ms. Kelcy and Ms. Megan
