

Sprout One News

September was a fun filled month of getting to know our new Sprouts and families. Our group of kids has unique and amazing personalities that mix very well with one another. **Hailey** and **Cate** are having a lot of fun with the baby dolls and spend most of their time wrapping them in blankets, holding them in their laps, and pretending to feed them with baby bottles. **Kipton** has been spending a lot of time in the dramatic play area; especially “baking” in the oven. He even made cupcake popsicles and shared them with everyone.

Grey really likes sorting all of our stuffed fruit into the correct baskets and **Bridger** likes to sneak the fruit from the baskets before naptime. He would probably get away with it too if he didn't try to eat it as well. **Jaxon** is our official “class sweeper” as we have discovered his love of brooms. He carries around a little broom and dustpan looking for things to sweep up around the classroom. **Emberlynn** and **Addison** play peek-a-boo at the slide with each other. Every time they peek their heads through the holes and see each other, they go into a fit of giggles. **Brody** loves to line the trains up on the window sill and push them along saying, “choo, choo”.

It has been a very busy month full of fun art and various activities, and it went by entirely too fast. Soon the **leaves** will be a blowin' and the **pumpkins** will be a rollin'! Fall harvest time is almost here! Come and check out our room as it changes with the **fall** season this October.

We hope to see you all at the Happy Harvest Fest at the DD Ranch on **Saturday, October 3rd**. Also, on **October 30th**, don't forget to sport your favorite team. We will be decorating masks and mid-morning we will **parade** around outside to show off our masks and team spirit!

Have a happy and safe Halloween!

Teresa, Jessica and Julie
