

Blossom News

In February the Blossoms explored community helpers. We started out the month learning about Teachers, Bus Drivers and Janitors - The Blossoms had so much fun pretending to be Janitors while cleaning up the classroom and the playground. In the second week we focused on Police officers, Doctors and Firefighters. The Blossoms were super fortunate to have a visit from the Bend Fire Department. They taught us all about fire safety, what to do in case of a fire and about the importance of having a safe meeting place outside the house. They even let us climb inside their truck before they drove away with the sirens blaring! The next day we talked about how mailmen help the community and even wrote thank you letters to the firefighters and stuck them in the mail. Towards the end of the month the Blossoms focused on community helpers like the Forest Service, Pilots, and Sailors. The Blossoms had a blast pretending to sail across the seven seas to visit their friends in other parts of the room to trade food and other goods. By the end of the month each Blossom had a better idea of what they want to be when they grow up. There are lots of future princesses, firefighters, and veterinarians in this class.

March is going to be a month of change in the Blossom room... As many of you know, Kelley is going to be leaving the Blossom room. We sure are going to miss her but luckily she's only moving down the hall where we can still see her and visit with her often. That being said, Lane will be joining the Blossoms on Monday February 29, and we are so excited to have him!

Happy March, watch out for that silly Leprechaun causing chaos in the classrooms!!
