

TreeHouse News

Month of May: For the month of **May** we dove into the oceans to explore. We studied the different layers of the ocean, ocean animals, plants and **underwater volcanoes!** Cohen shared that he loved talking about oceans this month - he especially liked making the handprint **crabs** because, "We got to paint our hands and make crabs out of them!" Simon's favorite ocean animal to study and act out is a **shark**. He said, "I love that they go CHOMP and they live in the **Euphotic Zone** in the ocean." This group of kiddos also loved learning about the various animals in the world and sharing their wealth of knowledge about them. During one of our circle sessions Mason raised his hand and said, "Did you know that there is Ocean Snot?!" He taught the class all about this; including Ms. Emily and Ms. Brandi! We also had a new friend join the TreeHouse this month and her name is, **Indie!**

Swimming Lessons: **Swimming lessons** start this month. Session 1 runs from June 20-30th and session 2 runs July 5-14th. There are eight lessons in each session and they run Monday-Thursday.

TreeHouse **Summer** Changes: Please let Tammy or Tera know about any schedule changes you will be having for the summer months. During the month of **June**; as we transition to the summer season, we will be saying goodbye to some of our TreeHouse friends. We will also be having a few old TreeHouse friends joining us for the summer.

Blasting into Space: For the month of June we will be taking off into **outer space!** Treehouse friends are in for an amazing **adventure!**

Toys from Home: We have been seeing a lot of toys coming to school from home. This is just a friendly reminder that these need to stay at home, UNLESS it is for a Friday Share that corresponds to the Friday Share theme that day. The Friday Share theme is posted on the whiteboard each week and on the monthly calendar. Thank you for your understanding. ☺

Ms. Brandi and Ms. Emily

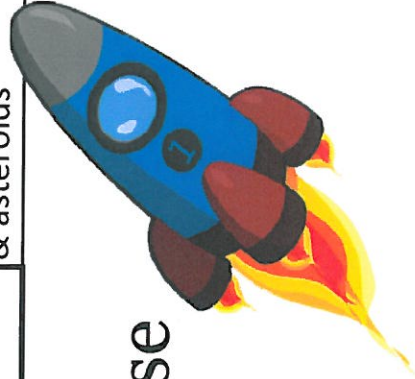

Jun-16

Blasting into Space!

	Monday	Tuesday	Wednesday	Thursday	Friday
