How you can help:

- Your child should arrive at school at least 30 minutes prior to scheduled lesson.
- Children should have bathing suits on and sunscreen applied; clothes to change into after swim should be left in child's cubby.
- We prefer kids to wear sandals as they are much easier for them to put back on wet feet.
- Bring a towel with your child's name written on the label. Towels will be left at school for the duration of swim and sent home when lessons conclude.
