

## Seedling's January Newsletter

Happy 2018!! It is so hard to believe that 2017 came and went so fast! We hope everyone had a safe and fun holiday season!

Thanks to everyone that could make it to the Holiday Sing-a-Long! It was so fun to see all the different classroom performances! The babies did really great on stage for their five minutes of fame- and with **no crying!** We would also like to thank parents for their generous gifts and wishes during the holiday season! We really appreciate you and your kiddos, and feel lucky to work with such great families! Thanks so much! We also hope everyone enjoyed their foot imprinted reindeer ornament that your child made (with a little help, of course)!

Your babies have been growing and changing so fast! Here is just a little summary of what everyone in the Seedlings have been up to:

**Natalie** is a solid walker now and is just everywhere! She has definitely turned from a baby to a toddler really fast! She has been super excited while visiting the Big Seeds room and has been adjusting very well to their schedule. She is really ready for her full move up this month! Although we will be missing her, we know she will be doing so great in the next classroom! We will also make sure to pop our heads in to say "Hi" to her often!

**Abby** is a little social butterfly! She loves to come up to all of her baby friends and greet them throughout the day! She loves exploring all around the room and is into everything. She also loves repeating noises that her teachers make with her and laughing. She has really been enjoying trying some new finger foods, and loves to feed herself!

**Willa** really lights up the room with her smiles in the morning! She is so mellow natured with her friends and loves to just sit quietly and watch what they are doing. She is a strong sitter now and has started to show some signs of wanting to crawl. We are sure it will be happening soon!

**Luke** is a ball of energy and is always interested in what everyone is doing! He has been working hard on his sitting, but sometimes rather prefers to roll from one side of the room to the other! He loves when his teachers sing to him and always shows us with a big smile! He has also been enjoying trying new types of solid foods.

**Jackson** is such a giggler! He loves when his teachers play tickling games with him and he shows us by his adorable belly laugh! He has also become quite the mover and loves rolling all around. He is a pretty mellow little guy and loves snuggles from everyone!

**Lucinda ("Lulu")**'s sweet nature has really started to show more and more! She shows us smiles all the time and loves to sit in our lap and look at books! She is quite a strong little gal and has been doing really great with her tummy time.

**Lillian** has been dropping in and visiting here and there, and seems to really like being around the other babies! She is doing great with her floor time and loves when her baby friends and teachers come to say "Hi". We have been giving her lots of snuggles! We are looking forward to seeing her more this month!

We are excited to have **Theodore, ("Teddy")** start in the near future, and are so happy to welcome him to the Seedlings soon! Also in February, we are excited to have Ms. Jolene back and bringing her little guy, **Ronin**, to join the class as well!

Thanks everyone for being so wonderful and Cheers to a great 2018!!!

Love,

Ms. Melanie, Ms. Sam (and Ms. Jolene)
