

Bud March News

The Bud Room had a very exciting month learning all about Community Helpers. We learned about Doctors, Dentists, Veterinarians, Firefighters, Police Officers and so many more. The children have enjoyed dressing up as Doctors and Nurses in the Home Center. They used stethoscopes to listen to each others hearts, bandaged up arms and legs and practiced giving shots. On the carpet we set up a mini city and drove rescue vehicles around saving everyone and took turns giving Miss Kendra a new hair style in the Beauty Parlor. On Valentine's Day the children were mail carriers and delivered their Valentine's to their friends with the biggest smiles on their faces.

During art the children made garbage trucks, used a toothbrush to paint their teeth white to get rid of all the plaque, and glued marshmallow teeth onto their lips to have a nice bright smile. At circle time we discussed what we want to be when we grow up. There were a lot of firefighters and teachers and one child decided he wanted to be a bumble bee. Love all the great imaginations. We sang songs like "Hurry, Hurry Drive the Firetruck" and "Brush your Teeth." Many different books were read but the children really enjoyed When I Grow Up it is a super silly book. As a special treat Ms. Janet from the library joins our circle time on Tuesday mornings, bringing with her a bag full of books and surprises to keep us entertained.

The snow has brought some fun packed days. The children love digging and filling their buckets, making snow angels, laying on the snow and licking it and making snow cones. Thank you for making sure they have all their snow gear here.

Next month we will be going back in time to explore the fascinating world of Dinosaurs. We will learn the difference between Herbivores and Carnivores, go on scavenger hunts to find fossils and help Dinosaurs hatch from their eggs. So be prepared to hear a lot of roaring and stomping going on.

Thank you, Miss Amy & Miss Kendra
