

THE MONTHLY

GROWING TREE CHILDREN'S CENTER

BUD

March 2020

Dear Families,

We hope you had a great February!

Throughout February, we learned about community helpers. We explored police officers with Miss Jamie by learning how to keep people safe, and why it is important for us to keep our bodies and our friend's bodies safe. The Home Center became a Post Office where the children practiced packaging boxes with paper and bubble wrap and putting on postage tape and stickers to send them off. The children also got their own priority package sticker for themselves.

The Home Center also became a Salon and the children used their styling skills to do their hair and their friends' hair. It was so much fun watching them use their imaginations as they would brush their hair, put hair clips in and use the mirrors to see how they looked.

Valentine's day was memorable! We each had our own decorated envelope. The children enjoyed going around and placing Valentines in each of them for their friends. Mr. Matt made us a special Valentines' muffin with pink sprinkles it was such a yummy treat!

Miss Janet has been coming every Tuesday for story and song time. All the Bud Room friends have been very engaged and great helpers for Miss Janet. She taught us about Valentine's Day, fire-fighters, and construction workers!

During the month of March, we will be studying about Spring and the flowers that will start to bloom. We will do art revolving around this concept and will make our own flowers out of coffee filters. In addition to those activities, we will utilize our senses by observing, smelling and touching as we engaged in new experiences with our friends.

It's that time of year! the Leprechaun will be visiting this month so together we are going to keep a careful lookout and hope we can catch a quick glimpse and there will be some fun activities associated with our Leprechaun hunt. We can't wait to March into Spring!!
