

THE MONTHLY

GROWING TREE CHILDREN'S CENTER

SEED

March 2020

Dear Families,

Welcome to another month in the Seedling Room! As the weather begins to warm up, we ask that you bring in outdoor clothing; coat and/or jacket depending on the weather, a hat, and warm footwear as your child begins to explore the great outdoors.

Updates, updates, updates...

Finley is starting to pull forward while playing on the floor. He is also really developing his sense of humor. He loves to laugh and finds joy every day.

Mason has taken off with his gross motor skills lately. He pulls up to a stand, and even stands on his tiptoes to reach the things he wants. He never lets an obstacle get in his way either, he just motors over whatever is in his way.

Kate is enjoying standing and is often playing while standing. She also is enjoying eating most everything she is offered.

Nora and Tula enjoy sitting near each other and watching each other play. We enjoy listening to their conversations as they babble back and forth with each other.

Mackson is eating up a storm and is spending some time everyday working on tummy time.

Autumn is starting to stay awake a little more each day and is also working on her tummy time.

Bella is working on her tripod sit and has mastered putting herself to sleep.

Reduce, Reuse, Recycle - As you probably know by now, our state has taken measures to reduce the number of plastic bags in the environment. You probably also know that there are places to recycle your bags. But let's not forget to REUSE the bags we do have. If you have bags at home, we would love to reuse them for disposing of dirty diapers and sending home soiled clothing. Bags we can reuse are from produce, bread, newspapers, Groceries, etc....).

Upcoming conferences will be held on Friday, April 10. We Have no School on this day due to conferences.

As always, thank you for sharing your precious children with us! Ms. Jo, Ms. Deann and Ms. Chloe
