

# THE MONTHLY

GROWING TREE CHILDREN'S CENTER

# SEED

November 1, 2021

Dear Families,

Hello Seedling Families,

October was a big month for our friends! We hope you all enjoyed a fun and safe Halloween! Next month we get ready to say goodbye to Grey and Cannon, as they transition to the Big Seed Room!

Addison has worked very hard on crawling this month! She loves playing next to friends and exploring the classroom. She has also started solids at school, and likes them.

Caleb has started rolling and inching around to explore the classroom. He loves his purees and cheerios! Caleb loves watching his friends and the drum is his current favorite toy.

Cannon has started taking steps! He is a busy guy and so social, always wanting to be next to his friends. He makes the rounds throughout the classroom to make sure his teachers have locked all the drawers and cupboards, and is awesome about telling us which ones are open.

Grey turned 1 in October! Happy Birthday Grey! He's been working on pulling himself up on book shelves and jumper, and is always busy exploring the classroom. He loves to climb over the walls of the play pit and sit inside, so proud of himself.

Landon is sitting independently and has started rolling over! He is quite the talker and loves to make noise! He has started enjoying spending more time laying on the floor, and loves to play near his friends.

Lillian has mastered the army crawl and will use it to explore the classroom around her. She also has been working really hard on pulling up and has been successful. She also has started eating more finger food and is loving it!

Nell has started to stand independently, and will walk alongside the bookshelves by holding onto it. She loves being near her friends and will often play near them or watch how they are playing.

Poppy has officially started crawling and has begun to pull up at home and school! She also loves being near her friends and loves to play next to her friends.

Townes has become an expert at rolling! He is working on sitting up with support. He is also doing well with tummy time and enjoys looking at himself in the mirror.

We look forward to talking with you more about your child at conferences, Thursday, November 11. It will be a no school day for children.

We would appreciate it if you could send: Boogie Wipes, an aspirator (the bulb kind), and saline to school to help your child through the next couple of months! We do keep the humidifier running in the crib room to help as well.

We hope you all have a wonderful and safe Thanksgiving holiday! Reminder that we are closed Thursday, November 25 and Friday, November 26.

Ms. Jo and Ms. Melissa
