

October, 2022

Dear Seedling Families,

It has been such a wonderful and fun month in the Seedling room getting to know all our new little ones and their families. We are settling in and are all getting on a routine. We are happy to welcome Maci as a Seedling teacher here at The Growing Tree.

**Julia** is the big kid on campus. She can now roll over in both directions and is all about exploring every corner of the room and sitting at the little table for meals. We love how happy she is to see us each day.

**Archer** has a big smile and enjoys playing with his new friends. He has developed several new skills to keep up with Otto such as crawling on hands and knees and pulling up to a stand. We always get a laugh when he and Otto use the silicone cups as teethingers and make silly faces. His big brother Declan is in the Bud room.

The twins **Otto** and **Finn** along with their family are new to Growing Tree with big sister Willa in the Bud room. Otto's independent, always on the go, exploring new things, and looking for adventure. Finn is a good natured happy little guy who likes to cuddle or sit back and watch the action with a quick smile and sweet giggle. He is sitting with confidence and likes to show off his clapping.

**Sophie** is also new to Growing Tree. She is very social and loves when you talk or sing to her. She has started rolling from back to front, pushing up with her arms making tummy time more and more

enjoyable. She enjoys sharing her gym with her new friend Penny.

**Penny** has big brother Mackson in the Bud room. She is a go with the flow little girl who enjoys playing in her babygym, especially with Sophie, looking in the mirror and of course, being snuggled and talked to. She has been rolling to her side to play with her toys and is getting close to rolling over to her stomach.

**Henry's** sister Nora is a big Brancher and it doesn't feel like that long ago since she was a Seedling. Henry enjoys being on his feet in the jumper where he can watch the action and loves when his big friends pull up on the side to say hi. He is starting to sit with support and has mastered rolling over and back again.

All the babies really enjoyed going outside for some fresh air and playing, even on the colder mornings. Please continue to bring jackets and a hat if you feel your child may need one so we can continue to go outside as much as possible.

Communication with families is very important to us. We want to make sure things are going well for you and your little one here as well as at home. If you ever have any questions, concerns, or feel like schedules need to be adjusted or tweaked please don't hesitate to talk with us. We are so lucky to have such a great group of babies and parents!

We hope everyone has a Great month!  
Miss Jolene and Miss Maci
