

# Sprout One News

The Sprout One room would like to start out by saying **thank you** parents for your **generous** gifts and for making us feel appreciated every day. We love working with you and your children, and are extremely grateful for all you've done!

This month Nana Julie brought in her piano-playing and singing **snowman** to share with us. **Kipton, Jaxon** and **Bridger** loved it. Every chance they got they would run over to it, press the button, and begin dancing to its cheery holiday songs. **Cate** was definitely getting into the holiday spirit and could be seen dancing and twirling to her own tune. Sometimes when the music is playing, **Owen** (who is transitioning this month) will even join in for a mini dance party.

**Hailey** and **Grey** spent a lot of time decorating the tree in the home center with the velcro ornaments. You would even find them going in after one another and rearranging how the ornaments were hung. **Emberlynn** also hung out in the home center. However, her focus was on the stockings. She would pull them off the hooks and reach her whole arm into the stocking to see if anything was there. **Brody** and **Addison** really enjoyed our holiday themed books this month. Brody would gather a few from the bin, lay them down on the floor, and carefully look through them. Addison took it upon herself to help Ms. Teresa read our circle time books. After Ms. Teresa had finished a page, Addison would then repeat the last few words

We also discovered that our Sprouts love to **dance**; especially with props. During music and **movement** we would get out the jingle bells and our Sprouts would dance around with them attached to their ankles and wrists, smiling and laughing at all the noise they were making. We are very thankful for such a wonderful and **fun** month with our Sprouts.

In January we will be exploring just how **magical** winter can be. We can't wait to discover with them all the beautiful things to see and do throughout this time of year.

This month, we will also be saying goodbye to one friend and welcoming another. **Kipton** will be joining the Bud room and is very excited for his new adventure. He and his wonderful family will definitely be missed though. And as mentioned earlier, **Owen** from the Big Seeds will be joining us. We want to give him and his family a big welcome. Owen has an older sister named **Olivia** in the Branch room and we're looking forward to seeing her more. Owen has been doing amazing during transitions and we can already tell he is going to fit in very well with our crazy class.

We would also like to thank parents again for staying on top of and making sure your child has plenty of extra clothes. We really appreciate it!

Thank you and have a happy New Year!

Teresa, Jessica and Julie
