

Big Seed News

Welcome to the month of **LOVE** and **BIRDS**! There will be many, many birds flocking through our room this month- spreading love, colors, and fascination all around. To name a few...hummingbirds, peacocks, ostriches, duck, swans, **parrots** and robins! We may even get to feed the real birds outside in our yard!

Last month we had lots of BLACK and WHITE surrounding us. Kids, parents and teachers all enjoyed looking at our **pictures** on the door and around the room. Some of the kids even liked pointing out the penguins and various images on the bulletin board.

Signs for the month:

BIRD – Place the index finger and thumb in front of the mouth, representing the beak

OWL - Place the “O” hands in front of the eyes so that the eyes see through the circle of the “O”; twist them toward the center several times.

Song of the month:

Birds, Nests, and Babies (tune of: The Farmer in the Dell)

The birds are building nests,
the birds are building nests,
With twigs and grass and mud and string
They're using everything.

And when the nest are done,
The mother lays the eggs,
She sits on them to keep them warm
And safe from any harm.

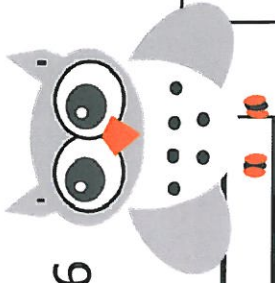

BIG SEED HAPPENINGS: **Charlie** has started talking quite a bit. He likes to say “cracker”, “BOO!”, “Charlie”, and “Night Night”. **Lucas** has been enjoying books and will look for certain ones to read. Our much loved 100 Words book is one of his favorites right now. **Quin** walks around all the time now and is full of smiles and hugs. She will no longer be the only girl in our class though because **Elin** is joining us from the Seedling room. She is also full of smiles and curiosity, and we look forward to getting to know her more. **Soren** is still adjusting to our schedule but has fun in the Big Seed

room. He really likes to be at the play kitchen opening and closing the doors! **Parker** is now walking and is very proud of himself when he makes it to his destination. He has been making funny faces and imitating sounds he hears. **Decker** is also enjoying books. His favorite is *Pete the Cat Drives the Bus*. **Jameson** has found a couple of spiders that he likes to hold onto and carry around the room. He will bring them up to a teacher and say "spider"!

We look forward to another month of caring for your children. Please let us know if you have any questions or concerns.

Sharla and Julie
