

TreeHouse News

Month of June: For the month of June we blasted off into Space and explored our solar system. We started at the sun and continued to travel through the inner planets of Mercury, Venus, Earth, the Earth's moon, and Mars. We then continued to our outer planets and explored Jupiter, Saturn, Uranus, and Neptune. Gracie exclaimed, "I loved making the suns because we could use different materials to make it bright!" Our friends also enjoyed learning how much they weighed on the different planets.

Swimming Lessons: Swimming lessons continue this month. Session 2 runs from July 5th through July 14th. There are eight lessons in each session and are on Monday through Thursday.

TreeHouse Summer Changes: Please let Tammy or Tera know about any schedule changes you will have during the summer months. During the month of June, we said goodbye to our friends Jayse, Gus, and Broch. They're off to enjoy their summer and prepare for their new journey in kindergarten. We have gained three old friends though; Connor, Nathaniel, and Micah! We're looking forward to spending our summer with them!

Month of July: For the month of July we are going to explore the beautiful part of the country we live in; the Pacific Northwest!

Teacher Changes: We would like to say thank you for bearing with all of the teacher changes this last month. We were sad to see Nana Julie go at the end of June, but we are happy to welcome Ms. Caroline into our classroom!

Water Bottles: We've discovered that our Treehouse friends enjoy drinking water out of water bottle more than our cups. To ensure they're getting enough water, you're welcome to bring in a labeled water bottle for your child each day. If you choose to do so, please remember to bring them home and clean them out each night. Please don't feel obligated to bring one in though; we have plenty of cups for them. 😊

Graduation: We are all very excited to see you at the Graduation/BBQ! It will be at 5:30 pm on Wednesday, July 27th.

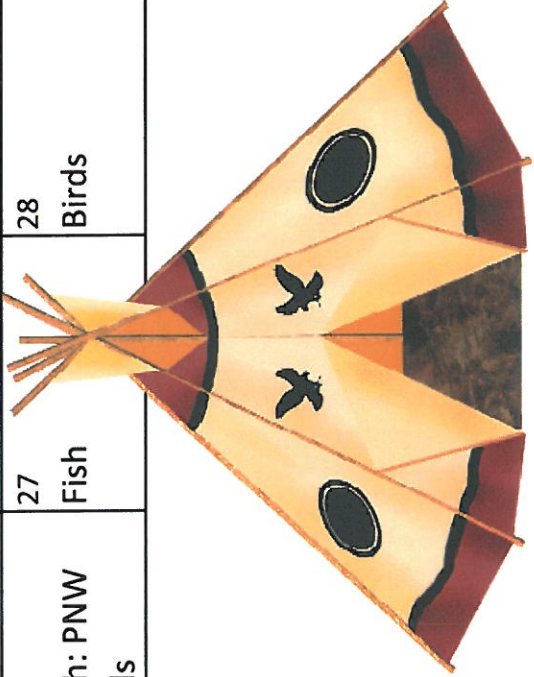

Ms. Brandi and Ms. Caroline
