

“Play is the highest form of research.” –Albert Einstein

Sprout Too News

The sprout kiddos have been loving all this sunshine! Last month was, “Fun in the sun” and the kiddos made bright colored flowers, sandy beach shovels/buckets and yellow glitter suns! When we painted paper popsicles with watercolor, **Scarlet** wanted hers to be yellow and said, “Yellow is my favorite!” **Garrett** loved our circle time book, “It’s a seashell day”; he enjoyed watching the little boy in the story collect lots of seashells!

Riding bikes outside was also a fun activity. **Zaccai** and **Noah** liked getting their own helmets, and then taking off on their little motorcycles! **Mason**, **Zoe** and **Ida** pretended to put sunscreen on all of their friends by using toy bottles. It is nice to see them taking care of each other! The water table is a favorite, especially with the hot temperatures. **Serena** and **Hayden** like to splash around and play with the boats and fish!

This month our theme will be, **“The Great Outdoors.”** Art projects will include, bugs on a leaf, flower footprints and painting trees. During circle time we will read, “The Bear Wants More,” “In My Tree,” and “In My Pond.” Some songs we will sing are, “The Ants Go Marching,” “Five Little Frogs,” and “Twinkle, Twinkle.”

Friendly reminders to parents: please check children’s day sheets or our white board in the classroom to see if diapers and or wipes are needed. We unfortunately don’t have any to spare at this time, so it’s important that were stocked. Also, if your child won’t be attending school, please call or email Growing Tree so we are able to plan accordingly. **Thank you** in advance, we appreciate it. ☺

Ms. Kelcy and Ms. Kristine
