

Sprout I News

June, 2018

Summer time, summer time yeah. The sprouts are all ready to play in the warm sun and splash in the water at the water table. Thank you all for bringing in hats and sunscreens. We will let you know when sunscreen gets low by writing it on the daily sheet when they need more.

In May we moved our bodies all around, learned about our body parts and made healthy things we eat. Circle time we sang movement songs to get our bodies moving and also read books about body parts and how we can move them. **Cash** did a great job singing the “**Itsy Bitsy Spider**”. He would do all the motions as we sang the song, then when he was done would say “Spider up spout.” **Eleni** enjoyed listening to the **Head to Toe** book. Would do all the motions as we read and then at the end of the book would tell us “I can do it too.”

Everyone all enjoyed the art and room activities this month. **Owen** had fun with all the ball and bean bag games we played. What an arm he has on him! When he would miss the ball or bean bag in the basket he would say “Oh, I mited.” **Emmett** thought the books in the library center were the best this month. He moved his body like in the books and said “I do it too.” **Reese** had fun making all the art projects. Her favorite project was blowing in the straw and moving the ball around. As she was moving the ball around, she would laugh and smile. **Ellie** thought shaking and rolling the sensory bottles was the greatest. She would hold the bottle in the air and say “See the bottle, see the bottle!” **Alex** was very excited about the dramatic play area this month. Her favorite thing to do was fill up the shopping cart with food and other things and tell us “I shop.”

With all the nice weather we were able to bring more movement activities outside. **Meera** had fun playing the lily pad game. She would throw the dice, count the dots and hop that many times to each lily pad. As she was hopping would say “I hop, hop.” We finally were able to play on our new grass. Everyone had fun running or laying on the grass. An obstacle course was set up one day on the grass and what a speed racer **Chloe** was! She would do each activity as fast as she could. When she was done told the teachers “I hop and run fast.” What a great time we had outside.

Sprout I News

Everyone had fun throughout the month doing all kinds of movement activities inside and out. We all can't wait to see what other fun adventures await us in June.

In June we will be starting up our engines as we explore our transportation theme. We will be reading about all kinds of different vehicles and also singing about them. During our room activity time we will be playing with cars, trucks, tractors and trains. Art time we will be making vehicles that fly, drive and go on tracks. Outside time we will be enjoying the warm sunny weather and racing around on the bikes. It ought to be a great zooming June.

Please make sure as the weather gets warmer that your sprout has weather appropriate extra clothes. They get very warm when they only have long sleeves and heavy pants. Thank you all for a great teacher appreciation week. It was so much fun. To all the Dad's, Grandpa's and Papa's; have a great Father's Day! If you have any questions or concerns please feel free to come talk to us. Have a great June.

Teresa, Amy and Nana Julie
