

# THE MONTHLY

GROWING TREE CHILDREN'S CENTER

# BUD

May 1, 2021

Dear Families,

We hope you had a great April!  
It is true! April showers do bring May flowers!

The Buds spent this month exploring weather. Fortunately, we were able to experience rain, wind, bits of snow, and sunshine in April.

We celebrated Earth day. The Buds were really interested in the earth. We discussed how we can be responsible by not littering or wasting water to show our appreciation.

In May, we will explore the lifecycles of insects, plants, and animals. Buds are encouraged to bring in their favorite Spring book to share with the class.

Our Buds have grown into the best classroom helpers. They take responsibility for cleaning up their workspaces, putting their nap blankets away, they also enjoy setting up the classroom. The sense of pride and responsibility we see on their faces makes us smile!

Dads, there are 9 days until Mothers' Day 😊

### Parent Reminders:

- Sunscreen forms are ready to sign. This year Growing Tree is providing Rocky Mountain SPF 30 sunscreen for your convenience.
- Please bring in a hat for outside
- Check your child's cubby for a change of clothing

### Birthdays:

Teague: May 12

Thank you!

Amy, Brittany, Lori 😊

hello  
spring!
