

THE MONTHLY

GROWING TREE CHILDREN'S CENTER

SEEDS

October 1, 2020

Dear Families,

Wow! What an amazing group of kiddos we have right now. All our new little ones have done an amazing job settling in, soothing themselves to sleep at nap time, eating well, and really enjoying the company of their new friends and teachers. We know that with our new guidelines around drop off and pick up, it was not easy for our parents. You have adjusted to these changes amazingly well. You all deserve a big pat on the back.

Please know that we value and appreciate the little notes you send us each day through Brightwheel. Do not ever feel like you are bothering us by sending us more comments, questions, concerns, updates, or tidbits about what they are doing at home. This is the how we can communicate right now, and it allows us to feel more connected. In return we will try to send pictures and updates as time allows with in our busy days.

September welcomed **June, Ellee, Rowan, and Jack** to the Seedling room. We have enjoyed getting to know each of them!

- **June** is very curious and busy. She has started crawling this month and enjoys moving around the classroom exploring all the toys and trying to engage her new friends in play. She also has a talent for picking up toys with her feet!
- **Ellee** is a sweet little nugget who is full of smiles for her friends and teachers. She loves attention and is very talkative.
- **Rowan** is mastering rolling and pushing himself backwards as he explores the room.
- **Jack** is quite easy going with a quick smile. He is rolling over, sits with support and loves his pureed food.

- **Charlie** is rolling over now and is sitting with some support. She is also a big fan of purees and enjoys hanging out with her new friends.
- **Belle** is sitting up for longer periods without support and can sometimes regain her balance when she starts to tip. Belle is a little skeptical about spoon food but is warming up to the different tastes and textures.
- **Forrest** has been working on hand eye coordination in his gym, reaching up and holding on to one or two toys, moving them around and trying to get them in his mouth.

Autumn and Mackson have spent the last month preparing for their move into the Big Seed room. We will miss them.

Ben and Evie will join our Seedling group in October. **Ben** is a sibling, welcome back Larson family! **Evie** and her family are new to the Growing Tree, Welcome! We look forward to our newbies joining us

Reminders:

- ✓ Please message us in the morning with the time your child woke and when they last ate. This helps plan for what comes next.
- ✓ Label all your child's belongings with their name including food, sleep sacks, coats, and car seats. The teacher that takes them out in the morning often is not the same teacher that puts them back in at the end of the day.
- ✓ If you have a family picture, please bring it in for our family board!

Have a great month!
